## WHAT IS DOMICILIARY CARE AND HOW DOES IT WORK?

Domiciliary care is about helping your loved one stay safe and comfortable at home while keeping their independence. Whether it's helping with daily tasks like bathing and dressing, reminding them to take their medication, or just having a friendly chat, we're here to make life easier. We adjust our care to what they need, whenever they need it.

- Help with daily activities like dressing, grooming, and bathing.
- Medication management and reminders to stay on track.
- Meal preparation and help with eating.
- Companionship to reduce loneliness and enhance quality of life.
- Flexible care plans that change with your loved one's needs.

## WHY STAY IN A CARE HOME WHEN YOU HAVE YOUR HOME?

We believe everyone should be able to stay in the comfort of their own home. It means your loved one can enjoy familiar surroundings, keep their routines, and feel safe and comfortable. With the right care, they can maintain their independence and live life on their own terms. Our domiciliary care helps make that possible, offering the support they need while keeping them close to family.

### Personalised Care

Tailored to fit your family's needs.

### Independence at Home

No need to leave the place they love.

### Peace of Mind

Knowing there's always someone there for them.

## IS DOMICILIARY CARE RIGHT FOR YOUR LOVED ONES?

Domiciliary care is great for those who need a little help with daily tasks but still want to stay in the comfort of their own home. Whether it's personal care, managing medications, or just having someone to talk to, our service is here to make life easier while keeping their independence.

### **Ideal for:**

- Older adults who need help but want to stay at home.
- Those recovering from surgery or illness who need short-term support.
- People with chronic conditions or disabilities who need ongoing care.

## ABOUT NYADOWA CARE

At Nyadowa Care, we believe that the best care doesn't just come from meeting physical needs, but from understanding the person as a whole.

Founded by Babra, a passionate caregiver who began her journey at the age of 16 when she cared for her grandmother, Nyadowa Care was born out of a desire to bring more personal care to families in need.

We focus on providing care that respects the individual, their preferences, and their lifestyle — because we know that family matters, and so does the quality of life.

Our mission is to help families maintain their loved one's independence, dignity, and comfort through loving yet professional care. We bring peace of mind to families by offering a range of services that empower people to live life on their own terms.

## HEAR FROM FAMILIES WHO'VE EXPERIENCED THE DIFFERENCE WITH NYADOWA CARE:

### Review from P N (Friend of Client)

The carer cares very well for my friend making sure all her needs are met and going the extra mile. The service user is very fond of her and hates it when she is away on break.

The apartment is always neat and tidy and she encourages the service user to always eat and drink fluid which is very important.

### Review from S (Goddaughter of Client)

The carer has established a very sound relationship with my godmother, based on her extremely caring approach. She trusts her as well and is very fond of her and confident in her approach. The carer is able to persuade her to do what is good for her, even if she doesn't want to! As she becomes more frail the carer has adapted her care using her initiative and has recommended different adaptations, which have improved life for my godmother. She is practical and willing to help in every way. She is also informative, keeping us up to date as her condition changes. We are very pleased that she is in her care.

### Review from Phil C (Son of Client)

Wow, what a team of managers and carers, simply the best.

Mum's discharge from the hospital after a 9-week stay was always going to be a challenge but thankfully we fell lucky with the care company who delivered her care plan.

From the start carers were on time and professional, accurately managing medication, access, individual needs and above all care and companionship.

The app provided me with constant reassurance and detailed the care Mum was getting, the reports were accurate and reflected the care and relationship they soon built up. On occasions, I met the carers and they all were good caring people whom I was confident Mum was in safe hands.

Yes, you've guessed it I highly recommend this team.

## MEET THE PEOPLE WHO MAKE A DIFFERENCE

Our caregivers are the heart of everything we do. We hand-pick each member of our team for their experience and commitment. Each caregiver is fully trained, and dedicated to providing the best possible service to your loved one. But most importantly, they truly care.

## FREQUENTLY ASKED QUESTIONS (FAQS)

### 1. HOW DO I CHOOSE THE RIGHT CARE PROVIDER?

When choosing a care provider, look for one that really listens and gets to know your loved one's needs. At Nyadowa Care, we take the time to make sure every caregiver is not just skilled but truly cares about your family. We believe in keeping things clear and open, so you're always in the loop with regular updates.

### 2. WHAT IF MY LOVED ONE'S NEEDS CHANGE?

No problem! Domiciliary care is flexible. If your loved one's condition changes, we can adjust the care plan to make sure they get the right support.
